Seeker HERCULES Blanks

Introducing the newest line of blanks from Seeker... **THE HERCULES.**

This series of blanks combines the construction technology which made Super Seekers the toughest most powerful blanks on the market, with a smaller diameter lightweight blank design, which produces a blank unparalleled in strength, weight, and durability. The Hercules have been designed with input from Billy Vivona, and the blank building expertise of Randy Penny. Together they have built the finest Made in the USA, highest quality blanks, designed for the needs and wants of today's fishermen.
